Colour equivalences

This document gives equivalences from our colour range to Pantone TCX, C, CMYK & RGB references.

⚠ IMPORTANT

Colour equivalences between TCX and C are provided by Pantone Connect. CMYK and RGB references have been defined to match our fabric colours as accurately as possible. Certain colours (such as heathers, dip dyes, and garment dyed colours) are difficult to translate into accurate colour references. Colour equivalence can also vary depending on the fabric type. If you have any doubts in relation to a colour, we recommend ordering a sample.
