L O O K B O O K 2 0 2 2

Made Differently

Responsible game changers. Quality seekers. Stanley/Stella is a community of passionate individuals, driven by a common desire to reinvent fashion for a better world. Since our conception in 2012, we have made it our mission to produce impeccable garments, while building a transparent and sustainable fashion ecosystem.

Our thoughtful approach is reflected in the premium quality of our garments. We believe in the power of simplicity and aim to create refined pieces that we are proud to sell and wear. Each item in our collection allows the wearer to express their style, while never compromising their values and beliefs.

There is power in numbers, which is why we work exclusively with those who share our values. Together with our suppliers, dealers, employees and customers, we form a community of like-minded individuals, driven by desire for innovation and change. Together, we are making this change happen, one ethically crafted garment at a time.

STANLEY/STELLA

Innovation

Stanley/Stella is driven by innovation and our entrepreneurial spirit. We believe choosing the right partners empowers innovation. We are always experimenting to improve our products, our digital services and our entire supply chain.

Excellence

For you, as for us, every detail counts. We make no compromise when it comes to reaching for excellence. In every aspect of our business, we aim to surpass our own results. Our collections and actions should always raise the standards and change the perception of the textile industry.

People

Everything at Stanley/Stella is about people. It is our essence. From our dealers and suppliers to our employees and customers, we ensure everyone feels listened to and is treated with respect and dignity. We actively strive to create an ecosystem with a positive spirit.

Sustainability

Sustainability is at the core of our business culture. We are committed to continuously improving how we create and operate, from the cotton farm to the collection, to how we manage our waste. We always act with transparency for people, the planet, and society.

Sustainability

Our missions

Carbon neutrality by 2030

We are committed to becoming climate neutral by 2030 to contribute to global net-zero goals. To achieve this, in 2022 we will start measuring the entire carbon footprint of our value chain, activate an action plan to reduce those emissions, and compensate for unavoidable emissions through reforestation, insetting initiatives and offsetting projects.

Our actions

Taking cotton traceability back to the field

We want to go beyond the world of certification in order to have more traceability and transparency across our supply chain. To achieve this end-to-end visibility, we are planning to build a selective network of farmers, ginners and spinners. Through this strong network, we will be able to better understand and support the workers in order to drive positive impacts across our entire value chain.

The grocery shop project

We work with our partner factories to set up Fair-priced Grocery Shops (FGS) on-site for their workers. Through these initiatives, we help factories provide essential goods like rice, oil and lentils at heavily subsidised prices. This increases workers' buying power, and improves the overall standard of living in their families and communities. In 2020, we contributed €62,000 to FGS projects in Bangladesh and have plans to support another FGS project before the end of 2021.

Living wage by 2025

With guidance from FairWear Foundation, we are working to close the gap between the legal minimum wage and a living wage in our partner factories, and we invest part of our operational profit in projects aimed at improving the living standards of factory workers and their families.

The Stanley/Stella Foundation

Since 2020, we have reserved part of our operating profits to finance projects related to our sustainability initiatives. In the first year, we contributed €62,000 to grocery shop projects in Bangladesh and reserved a further €475,000. In 2021, we expect to add a total of €1.07 million to our reserve. Going forward, the Stanley/Stella Foundation, established in late 2020, will allow us to manage these funds in a way that maximises the impact we can achieve.

Sustainability

From seed to seam

For Stanley/Stella, sustainability is not a buzzword; it is a pillar of who we are. From sustainable sourcing to favourable factory conditions, our commitment to responsible production is integrated in every decision we make. We continuously innovate each step of our supply chain and commit to ensuring full transparency, all the way from seed to seam.

We are certified by

We collect data from across our supply chain so we can better understand, and work to minimise, our environmental impact.

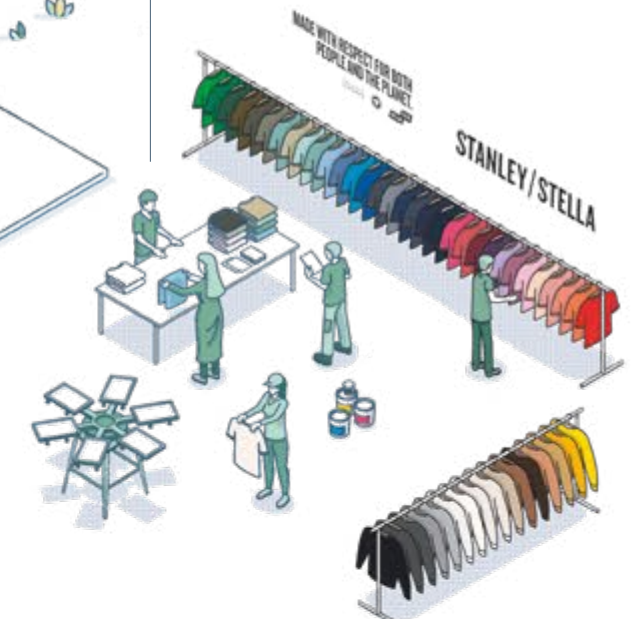

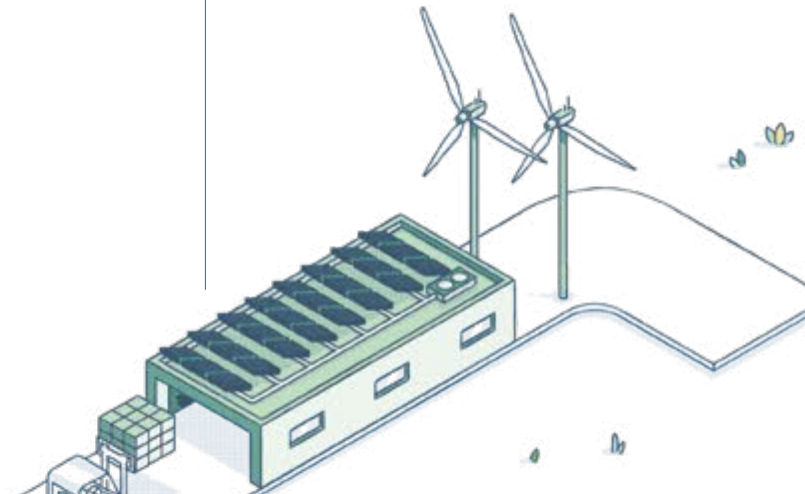

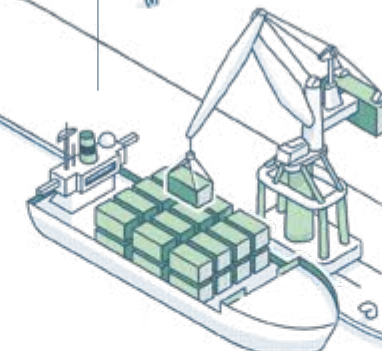

Our warehouse in Antwerp uses renewable energy from local wind turbines and sources 90% of their cardboard from fully recycled materials.

We work with a network of Official Dealers who share our vision, and we encourage and support them in achieving GOTS certification.

We use only certified organic cotton, pre-consumer recycled cotton, and post-consumer recycled polyester and nylon made from plastic waste.

We work with six carefully selected partner factories in Bangladesh and one in China, all of which treat the wastewater generated.

We have been a member of Fair Wear Foundation since 2012 and always advance with our workers' health and livelihoods in mind.

Decoration

The freedom to uniquely express yourself

Stanley/Stella garments give you the ultimate freedom to express yourself and create customised garments that are 100% your own. From our choice of materials, thoughtful design, and clever placement of labels, to the refined processes that ensure an exceptional surface for printing and embroidery, we go to great lengths to ensure our garments can be easily decorated and rebranded.

↕↔ A harmonious gradient of green Bosphorous shades on our RE-Creator recycled t-shirt in RE-White, achieved by Direct-to-Garment (DTG) printing of an OEKO-TEX® certified flock transfer, heat-pressed from above.

↵ Split-fountain inking for subtle gradations of multiple colours without any colour separation. Achieved using GOTS-certified water-based ink on our unisex Creator t-shirt.

← A combination of thick thread embroidery with a Direct To Film (DTF) transfer: a process that transfers digital prints onto our Stella Wilder. The use of DTF allows agility for positioning the two different techniques properly.

SS22 Collection

Spirit of adventure

Optimistic and uplifting, the SS22 collection is inspired by a spirit of discovery, adventure and togetherness. It invites us on a journey to explore the world around us and reconnect with each other and with nature. Are you in?

Creating community. Respecting the planet. Warm evenings of laughter and storytelling, and early morning sunrises at the stunning Lac d'Orédon in the French Pyrenees. The perfect backdrop for a collection infused with a spirit of adventure.

For life on the go

Introducing a new reference for the market: our first complete range of outerwear garments, made from 100% post-consumer recycled fabrics.

This new permanent collection features practical, multifunctional jackets and pants that are water repellent and wind resistant, making them ideal for travel, commuting, and everyday adventures. With excellent printability, they're a great way to showcase logos, messages and designs.

SS22 - 10/07 - 14:10

Ombre TECHNIQUE

The rainbow ombre effect is achieved by spraying the garment so the colours blend together on the surface. Each piece is done by hand.

Aged Dip Dye TECHNIQUE

After stitching, the fabric-dyed garment is dipped in a colour bath, then finished with garment washing using rubber balls for an aged effect.

Wave terry FABRIC

A loopback fabric, wave terry is knitted by alternating tight- and loose-tension yarns to give a wavy, textured surface. Also called seersucker.

100% recycled plain weave FABRIC

Densely woven with fine yarn, this recycled polyester fabric is both hard-wearing and soft to the touch, making it ideal for everyday use.

100% recycled twill satin FABRIC

This heavy-touch, recycled polyester fabric has a silky, smooth finish with a subtle sheen. Note that twill satin is not suitable for heat transfer printing.

100% recycled Taslan nylon FABRIC

Strong yet breathable, this woven, air-textured recycled nylon fabric has been engineered to look and feel like cotton and has a trendy, crinkled effect.

Setting a new standard

We've remastered the iconic polo to show that sustainability, quality, design and durability can go hand in hand. With a new modern fit, meticulous attention to detail, organic cotton in an unrivalled choice of colours, and the best piqué on the market, this collection is the new go-to for customised polos that people will be proud to wear.

Sunset Edition

Effortless styles to keep you cool

Whatever your latitude or longitude, you're sure to find Stanley/Stella styles that let you create customised garments people will love to wear.

Our Sunset Edition is a curated collection that makes it even easier to choose styles that are ideal for warmer climates or seasons. Relaxed, flowing silhouettes in fresh colours or light, airy neutrals. Pieces that layer perfectly for transitioning between hot outdoor temperatures and cool indoor spaces.

So whether you need year-round lights, or summer staples, you'll be able to spot our sunset styles thanks to the new sun logo.

Meet the Creator, our iconic unisex t-shirt. Contemporary and sustainable, it's the perfect ambassador for our values. Crafted from 100% organic cotton, it's made to last and has Stanley/Stella's signature soft handfeel. A premium 180 gsm single jersey t-shirt, the Creator stands out for its classic proportions and great fit.

Fabrics & materials

All the fabrics that Stanley/Stella uses are made from organic, sustainable or recycled materials to ensure that our environmental footprint is as gentle as possible – GOTS-certified organic cotton, Tencel® made from FSC/PEFC-certified wood pulp, GRS recycled cotton, and GRS recycled polyester.

While making this eco-conscious decision, we never compromise on comfort, style or functionality. Whatever the type of knit or weave – from smooth single jersey, durable piqué and cosy sweats, to plain weave and soft twill satin – we always choose our fabrics with the utmost care to ensure the best possible fit, feel and performance, as well as superior printability.

Organic cotton

Natural, GMO-free fibre grown without any chemicals. Our cotton yarn is made of long staple fibres only, and is combed and ring spun. Soft, breathable, and easily printable.

Recycled cotton

Made from pre-consumer waste, including our own cutting waste. Shorter fibres require blending with higher-quality fibres like recycled polyester for accessories and organic cotton for t-shirts.

Recycled polyester

Made from recovered PET bottles to reduce plastic pollution. All components on our jackets are recycled polyester, easing end-of-life recyclability. Strong and durable.

Tencel®

Made from wood pulp from FSC/PEFC forests. These fibres are blended with organic cotton to offer added coolness and a fluid drape.

Fabrics

Knitted fabrics

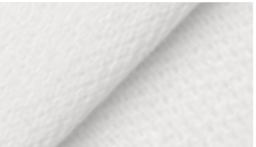

Single jersey

The basic knit structure where the front side is smooth, while the back side is piled with loops.

Slub single jersey

The same as single jersey, but with slub yarn, which gives the irregular appearance.

Piqué

Knitted using tuck stitches to create a honeycomb-like geometric structure, commonly used for polo shirts.

Wave terry

A loopback fabric, wave terry (seersucker terry) is knitted using alternating yarn tension to give a wavy, textured surface.

French terry

The front side has a smooth jersey structure, while the back side has a distinct loop structure.

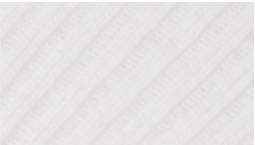

Brushed

Sweatshirt fabric is called 'brushed' when the inside loops of a French terry knit are carefully brushed, for a soft, warm feel.

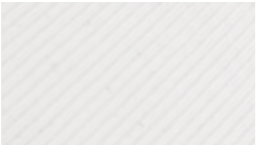

Sherpa

The front side of the fabric has soft, sheepskin-like pile, giving a warm, cosy feel.

1x1 rib

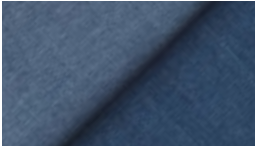

Single alternating wales that look identical on both sides of the fabric and offer greater stretch.

2x2 rib

Double alternating wales that offer even more elasticity than 1x1 rib.

Woven cotton fabrics

Plain weave

The most common type of woven fabric, with yarn in a criss-cross pattern.

Canvas

Highly durable plain weave, woven with threads of different sizes.

Woven outerwear fabrics

Plain weave

Densely woven fabric that is strong and highly durable. Finished with fluorine-free durable water repellent.

Crinkled taslan

Air-textured woven fabric with a crinkled effect. Finished with fluorine-free durable water repellent.

Twill satin

Fabric woven using a diagonal twill pattern, with a smooth surface. Finished with fluorine-free durable water repellent.

Colours & dyeing techniques

Our garments are available in one of the widest ranges of colours on the market, offering you a truly amazing choice – from whites, solid colours and heathers, to our unique All over prints and creative garment dyeing techniques like vintage and aged, tie & dye and dip dye. The vast majority of our solid colours are fabric dyed, giving excellent shade consistency and printability. Heathers are knitted with yarn made from fibres

of two or more different colours, and we are one of the few brands offering heathers in 100% organic cotton. Our vintage items are garment dyed, followed by a garment wash to create a faded effect. Other special dyeing techniques like tie & dye or dip dye are all hand dyed for a unique look. Care labels on every garment provide clear instructions on how to keep garments looking great, wear after wear.

Natural Raw

Untreated cotton, textured with tiny specks of the original cotton plant. Fabric finished with softener wash only.

Solid

Fabric dyed, giving a uniform colour effect.

Heather

Fibre dyed, mixing two or more different-coloured fibres, spun into a yarn.

Denim

Yarn dyed and garment washed, where washing time determines the final shade.

Vintage

Garment dyed using pigment dyes, with garment washing to give a faded effect. For aged colours, rubber balls are used during washing.

Tie & Dye

Base colour is fabric dyed. After stitching, the garment is tied according to the pattern and hand dyed with one or more colours, then finished with garment washing.

Aged Dip dye

After stitching, the fabric-dyed garment is dipped in a colour bath, then finished with garment washing using rubber balls for an aged effect.

Ombre

The rainbow ombre effect is achieved by spraying the garment so the colours blend together on the surface. Each piece is done by hand.

Splatter

Garment dyed using pigment dyes. During washing, small towels are used to give the whitish splattered effect.

All Over Prints

Base colour is fabric dyed, and remaining colours of the AOP pattern are screen-printed on top of the base fabric.

Capsule

Our Capsule collections are seasonal, launched for Spring/Summer (SS) and Autumn/Winter (AW). Designed to bring something new, they are perfect for trend-driven customers. Capsule styles and seasonal colours stay in the collection for a limited time: SS until the end of that year; AW until the end of the following year.

Colour equivalences for SS22

In this colour equivalence section you will find the Pantone TCX, Pantone C, CMYK and RGB references for the Stanley/Stella colour range.

⚠ IMPORTANT

Colour equivalences between TCX and C are provided by Pantone Connect. CMYK and RGB references have been defined to match our fabric colours as accurately as possible. Certain colours (Heathers, Tie&Dye and G. Dyed) are difficult to translate into accurate colour references. If you have any doubt in relation to a colour we recommend that you order a sample.
